

GECOM Rejects the Publication of Fake Statement of Poll

1st September, 2025 GEORGETOWN – The Guyana Elections Commission (GECOM) has noted the abhorrent publication of a fake Statement of Poll at one (1) minute past the scheduled close of poll.

GECOM wishes to make it abundantly clear that it is impossible for the counting of the ballots at any Polling Station to have even commenced.

This despicable act can only be seen as creating a platform on which the Political Party associated with the Team Mohamed Facebook Page can create the impression that it has been successful at the polls.

GECOM takes the opportunity, once again, to appeal to all stakeholders to accept ONLY the results of the elections that are (i) posted on the GECOM website in the form of Statements of Poll, (ii) the Official declarations made by the Supernumerary Returning Officers and Returning Officers for the District and Sub-Districts respectively, and the national results to be declared by GECOM.

The publication for fake results will be put the Guyana Police Force for investigation.
